THIS WEEK'S REFLECTIONS

Hello Colquitz Families,

Happy New Year and welcome back to school, everyone!

Term 2 has started smoothly, with staff and students sharing stories about their breaks and settling back into routines, including neighbourhood walks (below is Div 15 who were accompanied by our liaison, Cst Birtwhistle!).

Please note that the weather is shifting to be quite cold some days, so please make sure your child(ren) are wearing winter coats. If you need assistance with purchasing winter items, please just email me at cschlappner@sd61.bc.ca.

Please note that Term 2 is our shortest term, and so it is important for students to stay on top of their assignments, and ask for help if they need it, so that they don't fall too far behind before Learning Updates in March. As always, please reach out to your child(ren)'s teachers if you have any questions or concerns. We're here to help.

In case you hadn't noticed, we are holding our **First Annual Family Game Night next FRIDAY from 5:30-7:30pm** as a Leadership fundraiser. There is no cost to come and enjoy games from the Boardgame Café; if you would like to have pizza for dinner, it will be for sale at \$4/slice, along with chips, Bubbly waters, and candy bags for \$2/each. This is meant to be an opportunity to come together as a community and get to know families from across the school. We hope to see you there!

Have a wonderful weekend with your friends and family.

- Carrie Schlappner, Principal

Yearbooks are on sale now!

Yearbooks cost \$26.

To order your child a copy of the yearbook, please [click here](#).

- Yearbooks are delivered to students at the end of June

Pizza Update!

We are now offering a **gluten-free pizza option** for pizza day. The price per slice will still be \$4.00 but the slice size is slightly smaller than the regular

Reporting

Absences

Please email colquitz@sd61.bc.ca AND your child's teacher if your child will be late or absent, or call the Attendance Line at 250-479-4313.

This is the best way to ensure we get the message and a call-out does not go out to you in error.

Thank you

HIGHWAY 1 COLQUITZ BRIDGES PROJECT INFORMATION & UPDATES January 9, 2026

PROJECT OVERVIEW

The Highway 1-Colquitz River Bridges Widening project will widen and seismically retrofit both existing two-lane bridges over Burnside Road on Highway 1 in Victoria, as well as establish a dedicated bus-on-shoulder lane. Widening the Colquitz River bridges will make for a more reliable, efficient commute for south Islanders while protecting local waterways and ecosystems. The Project will provide environmental enhancements by planting native trees, removing invasive species and treating highway runoff via a rain garden before discharging into the Colquitz River. Pomerleau Inc was awarded the construction contract in March 2024 for the project.

PROJECT UPDATES

Construction activity continued throughout December with consistent progress. Crews focused on work at the South Colquitz Bridge, including site cleanup, preparation of the north deck extension, and concrete work on the bridge structure. Concrete placement and curing were completed for wingwall improvements. Traffic management and lane closures remained in place throughout the month to support safe construction activities.

1 MONTH LOOKAHEAD

The following construction activities are anticipated to begin/continue over the next month:

- Continued deck extension work on the South Bridge, including installation of formwork and reinforcement.
- Continued approach slab work on the South Bridge, including rebar installation, concrete placement and curing.
- Ongoing lane closures and traffic control along Highway 1 and Burnside Road West to support construction activities.

PROTECTION OF THE ENVIRONMENT

Environmental protection measures remained in place throughout December, with regular monitoring continuing along the Colquitz River. A third-party environmental audit was completed on December 18, 2025 and included in-stream water-quality checks upstream, downstream, and adjacent to the Project area. Results showed no signs of elevated turbidity beyond natural background levels, with measured conditions consistent across all monitoring locations. The Project continues to meet turbidity requirements, and construction activities have not affected river water quality.

Rain garden construction below the South Colquitz Bridge (Figure 1) was completed in December, including placement of growing medium and planting. In addition, stormwater infrastructure installed throughout the Project (Figure 2) helps manage drainage by safely collecting and directing roadway runoff into the treatment system, improving overall water management in the area.

Figure 1: Rain garden completed below the South Colquitz Bridge to support stormwater management.

For more information about this project, please contact:
Mike Boissonneault, Project Manager, MOTT - 778-974-2632
Krista Englund, Regional Manager of Environmental Services, MOTT - 236-468-1959
